Python: Beginner

COURSES

Gen Ai, My Captain

Jul 2026 — Present

Prashant Singh

Student

PROFESSIONAL SUMMARY

Second-year engineering student at VES Institute of Technology with a strong interest in Java programming and Data Structures & Algorithms. Passionate about problem solving and continuously improving through consistent coding practice. Currently focused on strengthening core programming concepts and developing a solid foundation in software development.

EDUCATION

Aug 2026 - Aug 2029

BTech, VESIT | Chembur, Mumbai

HOBBIES

My interests include problem solving, competitive programming, and exploring software development technologies. I enjoy learning Data Structures and Algorithms, improving my programming skills, and building practical projects to enhance my technical knowledge. I am also passionate about continuous learning and staying updated with emerging technologies in the field of computer science.
